

# Movie Screening: „Hearing no objections“

## COP28 - Documentary by SYFC

02/05/24 6.30pm @ Kollegienhaus, room 001

The documentary "Hearing no Objections" captures the fervent advocacy of young activists at COP28 in Dubai, showcasing their efforts through negotiations, demonstrations, and engagement with ministers to influence outcomes positively. It underscores the importance of inclusive education for effective participation in such global negotiations, emphasizing the critical role of youth in shaping climate action. Despite the conference's disappointing conclusion, the film highlights the urgent need for collective action among young people to address climate change, presenting them as agents of positive change amidst a challenging global landscape.
